

A high-angle photograph of a person sitting in a modern office chair. The person is wearing red trousers, white socks, and white shoes. A clear, rectangular protective mat is placed on the light-colored wooden floor under the chair's casters. The person's left hand is resting on their lap, wearing a black watch. The chair has a black mesh backrest and a chrome frame. The overall scene is brightly lit, suggesting an office environment.

CHAIRMAT

POWERFUL PROTECTION

Chairmat Classic

Chairmat Classic from Arla Plast AB is a protective polycarbonate mat for use on any hard floor or carpet. So transparent that it's nearly invisible, Chairmat lets you enjoy the room's decorative and pile surfaces yet protects surfaces from excess wear for years to come.

Made of durable polycarbonate with extremely high impact strength, Chairmat is virtually unbreakable. Chairmat's thin gauge polycarbonate enables production of protective mats that are more lightweight and transparent than comparable materials and therefore more aesthetically pleasing.

Chairmat Classic is part of the Chairmat range of protective polycarbonate mats that includes Chairmat Color and Chairmat Special. Chairmat is brought to you by Arla Plast, one of Europe's leading polycarbonate sheet extruders with more than 20 years of experience in manufacturing hard floor and carpet protectors.

Why use Chairmat?

CH35F

SPECIAL ANTI-SLIP FOIL

for hard floors and low pile carpets

CH35F combines an attractive finely textured, scratch-resistant top surface with an underside laminated with PUR foil for high surface friction to ensure that Chairmat remains securely in place. Ideal for use on low to very low pile carpets and all types of hard floors, including hardwood, this protective mat is available in a standard thickness of 1.8 mm and a special thickness of 1.7 mm.

CH40S

SPECIAL GRIPPERS ON BACKSIDE

for medium and high pile carpets

The finely structured decorative top surface of CH40S provides improved scratch resistance while the bottom surface with 3-mm grippers holds Chairmat firmly in position. Suitable for use on medium and high pile carpets, this protective mat is available in a standard thickness of 2.3 mm and special thicknesses of 2.0 mm and 2.6 mm.

ENVIRONMENTALLY FRIENDLY

- Contains no solvents.
- 100% recyclable.
- 100% PVC free (no vinyl).
- Odor-free and safe for children.
- Does not cause allergic reactions.

HEAT RESISTANT

- Tolerates temperatures up to 125-140°C.
- Won't deform on heated floors.
- Ideal for use under barbecue grills.

RIGID AND DURABLE

- Won't break or deform.
- Sturdy, thin almost invisible protection.
- Easy to roll on and off.

Standard sizes Chairmat

120 x 90 cm

120 x 100 cm

120 x 150 cm

120 x 120 cm

120 x 183 cm

120 x 134 cm

120 x 200 cm

Other sizes on request.

Applications

Chairmat offers quality surface protection for both commercial and residential use in areas such as office buildings, home offices, dining areas and vending machine areas.

Material properties

GENERAL POLYCARBONATE PROPERTIES

Density 1.20 g/cm³ ISO 1183

OPTICAL PROPERTIES

Light transmission 88% ASTM D1003
 - Smartmatt CH35F (1.8 mm)
 - Smartmatt CH40S (2.3 mm)

MECHANICAL PROPERTIES

Tensile strength at yield (at break) 63 (70) N/mm² ISO 527
 Elongation at yield (at break) 6 (110)% ISO 527
 Elastic modulus 2300 N/mm² ISO 527
 Rockwell hardness M70 ISO 2039-2

THERMAL PROPERTIES

Heat deflection temperature (HDT) ISO 75
 - A (1.80 N/mm²) 132°C
 - B (0.45 N/mm²) 142°C

VICAT temperature ISO 306
 - VST/B 120 149°C
 - VST/B 50 148°C
